

As part of its commitment to quarterly enhancement, eSCRIBE today announced the latest version (3.4.0) of its industry leading Integrated Paperless Legislative Meeting Management Solution for Microsoft SharePoint.

Markham, ON (October 6th, 2011) eSCRIBE today announced the general availability of the latest feature packed version of its Integrated Paperless Legislative Meeting Management software solution designed specifically for the needs of Canadian public and private sector boards, committees and councils at all levels of government.

"This quarterly release continues our focus on features and enhancements enriching the meeting experience for participants and elected officials", said Robert Treumann, President and CEO. "eSCRIBE is evolving the way we view public legislation; our commitment is to provide support for any meeting, anywhere, and on any device whether a PC physically located in the Council Chambers or a tablet device such as an iPad".

Additionally, the firm announced that its customer base had grown more than 50% over the previous quarter with the installation of a number of new public sector organizations, including: Halton Catholic District and Vancouver District Public School Boards in the education sector. "eSCRIBE is now supporting boards and committees coast to coast from The City of Nanaimo, on Vancouver Island in the west, the Town of Bathurst New Brunswick in the east and in the northern cities of Whitehorse and Yellowknife, in the Yukon and Northwest Territories respectively" added Paul Mackin, EVP of Sales and Marketing. "eSCRIBE is quickly becoming the go-to-choice for Canadian Public sector boards and committees looking to make a green statement", he added.

Customers can obtain a complete set of software release notes for version 3.4.0 by emailing support@escribecorporate.com.

About eSCRIBE

eSCRIBE is Microsoft Gold certified, Canadian Independent Software Vendor (ISV) of Integrated Paperless Legislative Meeting Management software solutions built exclusively for Microsoft SharePoint and the needs of public and private sector organizations. With eSCRIBE' s robust user configurable meeting management engine and award winning SharePoint integration, it offers unparalleled process improvement and efficiencies while reducing the consumables used to manage government at all levels.

As part of its solutions focus, eSCRIBE's internal team of professional project managers, business consultants, software engineers, quality assurance testers, and documentation experts are specialists in a number of core Microsoft technologies and do not outsource or subcontract any of the development, support or enhancement of its products.
