

NEWS RELEASE

For Release January 9-2012 at 9:00 a.m. EST

eSCRIBE today announced the latest version (3.5.0) of its industry leading Integrated Paperless Legislative Meeting Automation Solution for Microsoft SharePoint

Markham, ON (January 9-2012) In keeping with its commitment to quarterly enhancements, eSCRIBE today announced the general availability of the latest feature packed version of its integrated paperless legislative meeting automation software solution designed specifically for the needs of public and private sector boards, committees and councils.

"This quarterly release vaults us into the forefront of the industry and positions eSCRIBE as not only a paperless meeting automation solution but a robust governance platform", said Robert Treumann, President and CEO. "eSCRIBE's current capabilities make it scalable for even the largest provincial, state or federal government departments and agencies across North America."

Additionally, the firm announced that its customer base had more than tripled in 2011 over 2010, along with the development of strategic selling partnerships with select gold certified Microsoft partner organizations across Canada, including Avantage Partners, eSolutions Group and Infotech Solutions among others. "2011 was truly a break out year for eSCRIBE both geographically as well as vertically," added Paul Mackin, EVP of Sales and Marketing. "Our 100% user-configurable features allow eSCRIBE to be easily adapted to virtually any internal or external meetings."

Customers can obtain a complete set of software release notes for version 3.5.0 by emailing support@escribecorporate.com.

About eSCRIBE

eSCRIBE is Microsoft Gold certified, Canadian independent software vendor (ISV) of Integrated Paperless Governance and Meeting Management solutions built exclusively for Microsoft SharePoint and the Office client suite.

Available as either an onsite or cloud based solution, eSCRIBE's robust user configurable meeting management engine and award winning SharePoint integration, is quickly becoming the go-to choice of public and private sector boards, committees and councils looking to improve efficiency, transparency and accessibility while at the same time reducing costs and impact on the environment. With eSCRIBE meeting results can be easily published to the web at the push of the button, indexed to video and audio if available; all in accordance with evolving access and accessibility legislation.

With a broad base of experience and industry certifications in the design, development and support, of custom solutions built on SharePoint; eSCRIBE's internal team of professional project managers, business consultants, software engineers, quality assurance testers, and documentation experts do not outsource or subcontract any of the development, support or enhancement of its products
