

**eSCRIBE – Paperless Meeting Management Solution for SharePoint and Office 2010 winner of a 2010 Microsoft Partner Network IMPACT Awards**

*Leading Canadian technology partners' commitment to infinite possibilities celebrated at annual Awards*

**Markham, ON (November 11-2010)** eSCRIBE announced that it has been selected as the winner in the **Custom Enterprise Content Management and Records Management Solution** category at the 2010 Microsoft Partner Network IMPACT Awards. The eighth annual IMPACT awards recognize excellence across the large and diverse community of Microsoft's Canadian technology partners. The winners were announced at a gala awards ceremony in Toronto on November 9, 2010.

"Our annual IMPACT Awards celebrate the infinite possibilities innovative technology partners bring to customers on a regular basis," said Corinne Sharp, National Director, Canadian Partner Network, Microsoft Canada Inc. "Technology partners like eSCRIBE are always finding new and exciting ways to raise the bar making them true leaders in their respective fields."

eSCRIBE was chosen as a category winner for its ease of use and ability to integrate and automate the key business processes and functions required to manage the critical meeting processes of Executive Boards, Councils and Committees including first and second tier Municipal Government, Healthcare Providers, Educational and not-for-profits organizations across Canada.

"We are pleased to receive this further validation of eSCRIBE's ability to eliminate the need for hard-copy paper printing of meeting records for even the most complex legislative meeting processes; and that's good for the environment" said Robert Treumann, President and Co-Founder, eSCRIBE.

"eSCRIBE's flexible design and underlying SharePoint architecture allow us to fully personalize meeting management for each individual installation. In some cases clients can be fully implemented and running their first paperless eSCRIBE meeting in as little as one day, an impossible task for many of our competitors", added Paul Mackin, Executive Vice-President and Co-Founder eSCRIBE.
